

We are involved in the ministry of selling the grocery and many other useful cards before and after the weekly masses. We along with the other sellers believe this is our way to help pay down our church's steeple debt.

It is a ministry that is easy to learn; only takes a couple of hours of our time each month and gives us an opportunity to greet and meet parishioners.

We encourage parishioners who have not started using this card program to ask a seller how they work and hopefully you will become a regular consumer. It is easy way for everyone to do their share in reducing our steeple debt.
